KEEPING FAMILIES T♥GETHER

# Who we are

Compassion Animal Project is a 100% donor-funded, non-profit organization.

## Our mission

Through donations from compassionate individuals and organizations, we provide financial relief to loving pet owners unable to afford lifesaving emergency, critical care, and specialized veterinary care for their pets at risk of economic euthanasia: *Ultimately, Keeping Families Together*

Since awarding our first veterinary care grant in April 2022, Compassion Animal Project has awarded more than **\$550,000** to keep **250+ families together**.

# The Problem

As many as **two-thirds of pets euthanized** per week are for economic reasons.

The cost of an emergency vet visit for a dog ranges from **\$150 to \$5,000.**

In these instances, **86% were likely to survive** if they received medical treatment.

# The Solution

## Become a Sponsor

*You can make a significant difference in preventing pets from being euthanized due to their owners' lack of income by partnering with CAP and providing financial assistance.*

\$2,500

### Feathered Friend Sponsor
